

Pajarito Environmental Education Center

Earth Day 2010 Participant Registration

Return by April 5

Join the Pajarito Environmental Education Center (PEEC) at our Earth Day 2010 Festival on April 24th from 10 am to 2 pm at our Nature Center at 3540 Orange Street.

Our Earth Day theme--**The Difference a Decade Makes**--brings attention to 10 years of volunteerism since the Cerro Grande fire and the 10th anniversary of PEEC. Los Alamos National Bank is again sponsoring entertainment group Clan Tynker, and we welcome interesting ideas for informational booths and activities.

This event will be followed on Sunday, April 25th, with a "Party for PEEC," a benefit dinner for PEEC that will feature an auction of services of local nature experts. The ticket price includes a donation to help PEEC continue to offer a rich variety of educational programs for children and adults.

You may also purchase an ad in the Earth Day tabloid (see separate ad purchase form). Join us by returning your registration today, and we will contact you about details. Further details are at www.PajaritoEEC.org.
Contacts: Terry Foxx (storyteler@comcast.net or 672-9056); PEEC (662-0460).
